

# Container Acceptance Checklist

Buyer discussion worksheet | Reviewed 10 October 2026

Use this checklist to request evidence and agree the actual offer. It is not a survey certificate, repair standard, warranty, shipping approval or permission to collect equipment.

## 1. Define the requirement

- ☐ Intended use stated: storage, cargo transport or modification.
- ☐ Exact type, door arrangement and acceptable substitutions agreed.
- ☐ Condition, cosmetic expectations and defect exclusions in writing.
- ☐ Quantity basis confirmed, including assembled/separated Duocon.

## 2. Request equipment evidence

- ☐ Photos identified as actual offered units or representative examples.
- ☐ Floor, roof, walls, seals, hinges and locking gear evidence requested.
- ☐ Known damage, repairs, moisture, odor and contamination concerns disclosed.
- ☐ Required opening clearances and actual batch specifications confirmed.
- ☐ Relevant unit identification matched privately to transaction documents.

## 3. If cargo transport is intended

- ☐ Applicable CSC safety approval and examination information requested.
- ☐ PES next-examination date or current ACEP arrangements confirmed.
- ☐ Examination responsibility after transfer or operator change confirmed.
- ☐ Carrier documents and acceptance requirements checked separately.
- ☐ Competent assessment of current condition arranged where required.

## 4. Agree commercial acceptance

- ☐ Inspection timing, criteria, permitted substitutions and remedies agreed.
- ☐ Final selling price, currency and included/excluded charges confirmed.
- ☐ Current readiness and valid release instructions confirmed before dispatch.
